GLOBAL LEADERS IN INTEGRATED SECURITY & FIRE PROTECTION

*The number of assaults on
NHS staff while they are at
work has rocketed
to 68,000 a year
– almost eight every hour.*

TFS Group are experts with a vast experience in the NHS & Healthcare Sector providing the latest in security solutions and fire protection, we can provide dynamic cutting edge solutions for the largest of sites to ensure the business keeps safe its assets clients and reputation.

Using TFSNET we can deliver site wide Fire Detection and reporting systems, offering the latest integrated technology to bring together multiple Fire Panels of Different Manufacturers

EXISTING CLIENTS INCLUDE:

Existing Clients Include: North Manchester NHS, Liverpool NHS, Ormskirk NHS, Oldham Hospital, Blackpool Victoria Hospital, Leigh & Wigan NHS, Bolton NHS and many more..

Solution Benefits

TFS Group can provide multi panel solutions for any type of NHS layout, systems are designed around the latest standards.

Using TFS Video Smoke detection we have designed and developed the most advanced infrastructure protection system which not only protects for security via standard CCTV equipment but also is able to detect Fire or Smoke using the latest analytic technologies, this system is currently deployed at a number of NHS sites protecting walkway and ducts which connect large parts of hospital services together.

TFSNET can also be deployed to network the multiple fire panels using different manufacturers equipment whilst bringing the information together at the operating control centre in a single standard format, currently the largest site contain over 80 Analogue Addressable Fire Alarm Panels.

Protection of normal occupied areas.

Specialist Protection to Kitchens

Specialist Protection to Server Rooms and In-Cabinet Protection using Redetec

Video Smoke & Fire Detection for service and Infrastructure locations.

Site Wide Access Control & CCTV operation

Car Park Surveillance using Radio or Remote Signalling

Care Home Solutions

TFS can provide regional or national solutions for care homes, ensuring the care homes and management comply with the latest regulations, We can provide CCTV, Analogue Addressable Fire Detection Systems, Fire Extinguishers, Addressable Nurse Call Systems, Addressable Emergency Lighting Systems along with the Design, Installation and Commissioning of these systems we can Monitoring & Maintenance.

Using our both our Entry Level through to our Large Enterprise Access Control & CCTV systems we can provide the highest security level whetre required for example drugs allocation areas and sensitive documents and data, we can combine our systems with latest in Biometrics and facial recognition to ensure only the persons entitled to enter secure areas are allowed, we can also dsend alarms for example if the face doesn't fit to the area by using the facial recognition system thus ensuring full compliance with procededures.
