TFSCAM – TORCH CAM

*Optional 3g/4g Live Streaming Version –
Remote Real Time Situation Awareness*

The TFS-TC Torch Camera is a multi-purpose Security Tool.

The product has been designed to meet the highest standards providing High Definition real time recording at 30fps 1080p.

Recording & Pictures

The TFS-TC has the ability to record locally at 1080p to a storage card supporting up to 32GB and as well as Video Recording can take HD Photo Snap Shots. All recording and pictures can be reviewed on an 1.5" LED Screen located on the front of the unit.

Lighting

The TFS-TC comes standard with 2 x High Performance White LED Lights providing white light illumination up to 30m, there is also 1 x Infra Red LED providing invisible IR up to 30m at night.

Alarm Function

The TFS-TC has a ultra-high pitch alarm function that when triggered sounds and flashes the flashlights

Optional Live Streaming 3&4G

The TFS-TC has an optional AV out connection can be linked to the TFSCAM BWV where images can be securely live streamed to a central control location providing remote real time situation awareness, pictures can be both recorded locally and centrally.

RFID

The TFS-TC has optional RFID, which can be used on the security guard tours to ensure the tour is recorded, this tour will also be GPS recorded when connected to the optional TFSCAM BWV.
